

Tender Dynamics have been a major help to the Welsh Assembly Government's Local Supplier Development Project since its inception.

Not only have we seen Andy Turner provide help to some of the clients we have worked with, we have also benefited from his experience and knowledge of tendering at events too.

Andy has been a regular face at our Meet the Buyer and Networking events where he has imparted his knowledge to many companies.

We've enjoyed working with Andy and his team over the past three years and we know that many of the companies we work with have been equally complimentary about the services that Tender Dynamics provide from their own experience of working with them.
